

REMARKS

Claims 1-12 are pending in the application..

A Notice of Allowance in the above-referenced patent application was mailed on December 29, 2004. Upon reviewing the application in response to the Notice of Allowance, Applicants discovered minor errors in Fig. 8, several paragraphs in the specification, and claim 9.

Applicants propose revisions to Fig. 8 to correct the minor errors. Replacement drawing sheets in both marked-up and clean form are enclosed. In addition, Applicants, amend the specification and claim 9. Applicants respectfully submit that the proposed drawing revision and amendments to the specification and claim 9 do not impact the patentability claim 9, and do not require substantial work to be performed on the part of the U.S. Patent & Trademark Office.

Any fee due with this paper may be charged on Deposit Account 50-1290.

Respectfully submitted,
